President, Sanitary Board, Kolar Gold Fields.

To

K. S. Chandrasekhara Aiyar Esquire, B.A., B.L.,

Secretary to the Government of His Highness the Maharaja of Mysore, General and Rev Depts.

Sir,

With reference to your docket No. 13909/L'B'417-07-4 dated the 13th June 1908, I have the honor to state that it was never contemplated that the Sanitary Board should provide the funds for water supply to the Police Stations and other Government buildings on the Fields out of the grant of ₹ 30,000/- sanctioned by Government, to be utilized solely for water connection to Robertsonpet and the several Cooly Colonies.

I beg to point out that letter No. 388 dated the 13th December 1907 from the President of the Sanitary Board to the Executive Engineer, Water Supply and Stores Division, alluded to in the Chief Engineer's letter No.3613 dated the 30th May 1908, to the President of the Sanitary Board, merely supplied him with a list of places on the Fields to be supplied with Pothamangala water, and nothing was mentioned as to where the money to pay for this supply was to come from. Whether such list was supplied on a requisition from him to the Deputy Commissioner, Kolar District, who is also the President of the Kolar Gold Fields Sanitary Board.

There is nothing in the letter to the Executive Engineer Water Supply and Stores Division, alluded to above, to create any misunderstanding about funds, and this fact has been pointed out to the Chief Engineer in my letter No. 839 dated

the 25th June 1908, copy of which with all its enclosures is herein enclosed for reference

This subject was placed before the Board at its Meeting on the 30th Ultimo when it was resolved that the Sanitary Board will pay for the cost of water supply to Robertsonpet and the Coolly Colonies and not to the Police Stations and other Government buildings in the Kolar Gold Fields. (Copy of the resolution is herein enclosed for reference).

To

The Deputy Commissioner,

Kolar District, Kolar.

Sir,

I have the honor to inform you that the Chief Engineer has called me for an estimate for the water supply to all the Cooly Colonies and Police Stations on the Kolar Gold Fields. I will therefore be highly obliged if you will kindly let me have a complete list of the places where the water supply has to be provided for, together with a statement showing each locality with the number of houses and the population to be provided with water.

The water supply to the villages of Sonnakuppam and Nachapalli have already been provided for in the water supply estimate to Robertsonpet Town. The estimate recently sanctioned by Government for water supply to Government buildings in Champion Reefs provides for the water supply to the Police lines and Police Stations situated opposite to Deputy Commissioner's quarters in Mysore Mines. An early reply is requested.

I have the honor to be,

Sir,

Your most obedient servant,
